PROFILE

ABOUT US

Jabesh Mulindi LLP Advocates (JM Law) is a modern, dynamic, female-owned law firm delivering strategic legal solutions to businesses, institutions, and individuals. Our foundation is built on a shared journey of our founding partners, Annah Jabesh and Julie Mulindi, who, as pupils at Daly & Figgis (as it then was), developed a strong professional bond grounded in shared values of discipline, strategic thinking, and a commitment to excellence.

While Julie and Annah initially pursued different career paths, their professional journeys began to converge in 2024 when they established their respective firms, Julie Mulindi Law Advocates and Annah Kerubo Jabesh Advocates. As they increasingly collaborated, they came to rely on their complementary strengths and aligned approach to legal practice. Recognising the power of this synergy, they ultimately came together to form a unified practice.

Today, JM Law is driven by a clear ambition: to be a leading firm with a strong collaborative cross-border practice, distinguished by exceptional talent and defined by the integration of keen business insight with compliant legal solutions tailored to unique client needs.

We are committed to providing clients with strategic, relevant, and practical legal advice that enables them to navigate legal challenges with clarity and confidence. Our approach combines deep legal expertise with commercial awareness, ensuring that every solution is not only legally sound but also aligned with our clients' broader objectives.

Our work is guided by core values that define every engagement: integrity, timeliness, and excellence beyond expectation. These principles shape our responsiveness, our attention to detail, and our unwavering dedication to delivering meaningful results. At JM Law, we do more than offer legal services; we partner with our clients to anticipate challenges, unlock opportunities, and support sustainable success in an increasingly complex legal and regulatory environment.
